Editor Paul Kirby WetherbyFreePress@PM.me Twitter: @WbyFreePress

Issue 17 led with our campaign to attract more visitors off the A1 and into Wetherby. It would give our shops and all those offering food and drink a massive boost.

There are over 30 hospitality sector businesses in the town that would benefit from an increase in customers. And no doubt, other shops would too.

We have contacted Town Councillors and all relevant organisations for their reaction. We will report on them in

future issues. It's local shops and businesses who will benefit most, so please get involved.

The main questions are:

Who should fund it?
Who should organise it?

Thank you for your responses so far.

This is what a sign could look like

A guy tells his sister "I can't take it any more, my wife is out every night until way after midnight, just going from bar to bar".

His sister asks "What do you think she's up to?"

"Looking for me"

Peter Kay One-liners

My Dad always used to say "Son, you gotta fight fire with fire", which is probably why he got thrown out of the fire service.

I was doing some decorating so I got out my step-ladder. I don't get on with my real ladder.

Right now I'm having amnesia and déjà vu at the same time. I think I've forgotten this before.

Where's the Wetherby Community Newsletter?

What happened to the new 'community newsletter' we reported on in Issue 14? Not heard a thing about it since.

As we suspected it seems to be just hot air and was an excuse to criticise us. If you know different, pls tell us.

We would welcome any more organs of free speech, like our own, in this town. We will promote it if it does come to fruition and is worth reading.

Correction of a Post on Social Media

On a Facebook post we said that the Wetherby News was improving because it printed a letter from a resident, which was critical of the CEO of Harrogate Bus Company. We realise this was incorrect and amended the post.

The resident was in fact criticising a letter of criticism of the CEO published the week before. We apologise for the mistake.

TRANSPORT NEWS

Good News - First Leeds have kept their word and re-introduced a late evening bus, leaving Leeds at 23.03 as can be seen in the table below. It is particularly surprising when other bus companies are cutting some buses because of driver shortages. So credit where credit is due - we thank them.

There were minor changes to timings on many journeys of the X98/99 from 24 Apr

Each Trip just £1  after 7pm on  	Mon - Fri	Sat	Sun

Costs per mile of Electric Car?

In the last issue we compared a petrol car cost with the bus. What about electric cars came the shout. Has anyone worked it out or would like to do so?

Bus Passenger Experience

Metro have a great value weekend ticket valid on all buses in West Yorkshire from 18.00 on Friday to midnight on Sunday. The 'Metro

Weekender' costs £8.50 and can take you to Holmfirth, Haworth & Hebden Bridge (& other places not beginning with H). Trouble is drivers may not be aware of its existence or where to find it on their ticket machine. One recently told me it was only available online when in fact it is only available to buy on the bus! This driver could not find it until I showed him the Metro website page. "Don't sell many of them" came the non-apologetic response. Poor customer service and driver knowledge.

Weekender: £8.50 buy on the bus for unlimited bus travel from 6pm on Fridays until midnight on Sundays on any bus, anywhere in West Yorkshire

But don't let this put you off from trying the bus. There are some good value tickets out there & you're helping the planet.

The Alec Shelbrooke Page

Alec.shelbrooke.mp
@parliament.uk

Alec Shelbrooke, 46, has been our Conservative MP for more than 10 years. His basic salary is £84K (£2,200 rise in Apr '22) In the last election in 2019 he got 58% of our vote beating Labour by over 17,000 votes. He was a Remainer. From Dec '19 to Nov '21 he has voted 357 times (out of 392) and has never rebelled against his party whip

Space on this page for Alec to tell readers anything he wants, unedited. Nothing sent since we began in Sep 2021

Alec's Recent Tweets. He has 16,200 followers - No Tweets specifically about Wetherby since 12 March

13 Apr - He's out & about in constituency 'listening to views of residents'. Informs us that his comments 'on national issues' are in the Wetherby News, link provided.

19 April - Retweet of GB News, in which he is interviewed 'about the mesh implant scandal' with video clip link.

26 April - Quotes himself from another interview on GB News, in which he discusses 'why I'm raising women's health issues', his journey into politics and fitting kitchens. Link to video of the interview in which he says 'women are being let down every day by the NHS'

Alec on his favourite news channel, GB News

Alec doesn't respond to praise, criticism or anything in the comments underneath his Tweets.

It seems strange to us that Alec can only be found on GB News. Does he try to get on the mainstream channels with millions more viewers?

We wonder who he thinks is responsible for women being 'let down every day by the NHS'. The Conservatives have been in power for over 10 years.

Leeds City Councillor's Allowance £16,500 for 21/22

We asked Leeds CC what the basic allowance was for City Councillors. Bizarrely they treated this simple question as a Freedom of Information (FoI) request! It should be easily available public knowledge. Cllr Lamb kindly gave us the information: £16,500 and they get 45p per mile for using their car. Incidentally, if you want to send an FoI request, the email address is DPFOI@leeds.gov.uk

Conservative Cllr Connor Mulhall - No Response

Cllr Mulhall is another Town Councillor who has decided to ignore our perfectly reasonable questions of a public representative. We sent him an email and 2 tweets to ask him if he was going to respond.

He made no response.

How can readers decide whether our town councillors are doing a good job if they refuse to answer our simple questions. There seems to be a conspiracy of silence. Why?

Cllr Mulhall will not inform us of even one of these facts:

- ◆ how long he's been a councillor
- ◆ how many phone calls or emails from constituents he receives
- ◆ how many visits to constituents he makes or receives
- ◆ how many hours he spends on council duties per month
- ◆ his areas of specific interest
- ◆ his achievements / difficult case where he helped a resident
- ◆ his frustrations and joys of being a Town Councillor
- ◆ what role he thinks party politics play in Wetherby Town Council (WTC)
- ◆ if he has any specific plans for improving Wetherby before the next council elections
- ◆ whether he will run at the next election as an Independent, if WTC is non-political

Image from Town Council website

In his Register of Interests on WTC website Cllr Mulhall states he is sponsored by the Elmet & Rothwell Conservative Association.

We cannot guarantee that any information we quote from the Wetherby Town Council website is true or up-to-date. Their website has always been a low priority for them, yet it is the main way we, the residents, can find out what is going on and make them accountable for what they do.

It takes us a couple of minutes to change something on our website. Councillors are ultimately responsible and should sort it out.

General Town Council meetings are monthly (2nd Tues)

The last meeting was on 12 April. No Agenda or Minutes for this meeting was on the Council's website on 27 April.

As we come out of lockdown we have some brilliant volunteering opportunities at Wetherby (St James) Scout & Guide Group, right in the heart of Wetherby.

We are looking for people to help out in all sorts of ways in our meeting place and behind the scenes. We rely on people like you playing their part to give young people opportunities to dream big, give it a go, and build skills for life.

Whether you want to support young people or if you're more comfortable planning an adventure from the sidelines, we've got a role for you.

We know that the first step can often be the hardest, so as a starting point why not come and meet the leadership team on Saturday 7 May between 10:00 am & 3:00 pm - to see if it is for you.

We'll be at the Scout Hut (aka The Church Room) on Church Street doing maintenance work and tidying up. Come for a chat and we'll pop the kettle on!

If you can't make Saturday but would like to get in touch please call Carol Bennett on 07941 488126

Mistakes in the Shop - What Should You Do?

1 Incorrect Price Label. So the label says £5 and you are being charged £50 at the till (they missed out a 0 on the price tag). We're afraid you have no right to buy it at the lower price. You can ask, of course. If it's something like a coffee incorrectly priced on the board and already made, you have no obligation to buy it (and they have wasted a coffee).

2 You've Been Undercharged. Let's say you've bought a microwave, taken it home and realised you only paid £50 instead of the £150 you expected. Good news, folks. There is no legal obligation for you to give the microwave back. Only if you had discussed the price, can the shop legally ask you for more money.

3 You've been Overcharged. On your bank app you find 2 pints cost you £50 the night before. Quite simple, you ask for a refund of the difference. The evidence is clear and should be easily corrected. This happened to the Editor last year. Luckily his smartphone alerted him to the transaction and he got a free drink out of it. Mistakes happen and we hope they are accidental, not deliberate.

Serious Crash on Harewood Rd

The two-vehicle collision happened on Sat 23 April at about 10.45 on the A659 between Collingham & East Keswick.

A teenage motorcyclist remains in hospital with serious injuries. Police are appealing for the driver of white Isuzu delivery van to come forward and anyone who witnessed the collision or the vehicles' actions before it. The motorcyclist was riding a black 125cc Lexmoto.

The road was closed for most of the day and delays reported on BBC Radio 2 travel news.

Frustration at Surgery Clinic

For the second week running, the elderly of the area have been frustrated by the Saturday morning clinic at the Hallfield Lane Health Centre. A cancellation was said to be caused by the key holder living in the North East being unable to get to Wetherby. The Editor informed two confused people walking round the building that the clinic had been cancelled. There was no notice on the door. Not everybody can find out about these things on social media.

One reader said of the clinic the week after "Absolutely appalling, no proper appointments, people including a 98-year old queuing in the cold for hours for their second booster jabs".

Travellers on the Ings

A group of travellers have parked up by the path following the river. There are 10 caravans and a similar number of other vehicles. Wetherby is usually a stopping off place for travellers and gypsies on their way to the Appleby Horse Fair, which this year starts on 9 June. Eviction procedures have commenced.

BBC LOOK NORTH

Look North featured a local business in an item about the current shortage of sunflower oil, caused by the war in Ukraine.

Wharfe Valley Farms is owned by the Kilby family, third generation farmers. They have been producing award winning, extra virgin, cold pressed rapeseed oil, grown, pressed and bottled on the farm in Collingham since 2006. They are Yorkshire's first rapeseed oil producer and third nationally.

Both owners of the farm were interviewed and explained that business was booming with the demand for their rapeseed oil up 30 to 40%. But they wanted customers to understand that the price they were charging was due to their increasing costs.

They have an online shop at www.wharfevalleyfarms.co.uk

Another series has started on Channel 5 of this popular program. Julian Norton features with work from his practice on the Sandbeck Estate, but he's also opened one in Thirsk. So we think Wetherby will feature less in this series.

In the first program only his Thirsk practice featured. It showed his first operation in the theatre, delivering 8 pups from a Basset Hound. Not for the squeamish!

St Joseph's Leads the Way on Earth Day

St. Joseph's Catholic Primary School, Barleyfields Court celebrated *Earth Day* on Friday 22nd April, with a variety of activities held throughout the day. Founded in 1970, the annual celebration of *Earth Day* marks the anniversary of the birth of the modern environmental movement. Every year activities involve over 1 billion people around the world, as a day of action to change human behaviour and create global, national and local policy changes.

As part of St. Joseph's 'Live Simply' ethos, they have held activities all last half term leading up to this week, with a focus on each class creating their own '8 to be great' actions, which will be shared with parents and guardians at the end of the week. Ideas like 'reduce, reuse and recycle' featured strongly in the children's promises for *Earth Day*.

Adrian Balcombe, representative of *Boston Spa, Wetherby and Villages Community Green Group* also attended and led an informative and interactive session on *Earth Day* itself, focusing around the Climate Emergency, personal carbon footprints from around the world and what we can each do ourselves to reduce, reuse and recycle.

Adrian was 'delighted by the response' from Years 5 & 6, with lots of ideas generated by the young people'. He goes on to say that 'St Joseph's are a fantastic school to support; they have a great educational focus on sustainability'. In fact, they have been the only school in Wetherby to participate in the programme (alongside Primrose Lane Primary School, Boston Spa), delivered by local *Community Green Group* volunteers. They would be delighted to support other local schools with this initiative; contact them via bostongreengroup.co.uk.

Deputy Head and Year 6 teacher, Jayne Ward says 'This extra-curricular content really helps to support our curriculum intent which includes our children being life-long learners, having high aspirations for themselves, the community they live in and God's world. Learning about the climate crisis at a young age is key to making a difference and is easily built into covering key elements of the National Curriculum too with a little bit of thought.'

Jayne continues 'The content of the presentation was pitched very well for the children's age and was accessible for differing abilities too. The carbon footprint topic certainly gave the children lots to think about, not just in school but to take home to the family home too. We have many plans now about how we can push forward and build on this topic to bring about further change in our school and community so that we are living more simply and protecting our planet'.

Head Teacher, Louise Milivojevic shared that she is extremely proud of the whole community at St Joseph's to make a difference to living more sustainably and is passionate about ensuring this important topic remains a key element of St Joseph's curriculum. She continued 'Many of our recent *Outstanding Contribution Awards*, have gone to children who are not only living out our live simply mission in school, but also outside of school, in their homes and when they are out and about. Our children are the future generation and they are the ones who can really make a difference and protect our environment!'

Back in March, Penny Stables (pictured) and Adrian delivered further extra-curricular content to the rest of the school, sharing the initiatives of the *Boston Spa, Wetherby and Villages Community Green Group*. These include 'caring for our local environment, reducing waste, reusing and recycling and encouraging more active travel.

Penny Stables giving an interactive presentation

Co-founder Penny Stables says, 'I was delighted to participate with St. Joseph's and felt that the children really responded to the themes showcased.'

As part of the *Community Green Group recycling initiative*, St. Joseph's have started to collect crisp packets and pens/markers for recycling into fence posts, watering cans and picnic benches – giving waste a second home. Members of the public can also recycle those items as well as used toothpaste tubes/brushes at *Yorkshire Building Society, Wetherby* or *Yeadon's Hardware, Boston Spa*.

To date the scheme has recycled over 25,000 crisp packets! To find out more, visit bostongreengroup.co.uk/waste-recycling
